PROFESSIONAL SUMMARY

A passionate Full Stack Developer with hands-on experience in building web applications using React.js for the front end and Node.js/Express.js for backend services. Proficient in working with MongoDB databases and implementing CRUD operations. Strong understanding of JavaScript and deployment workflows, with a focus on crafting intuitive user interfaces and developing high-performance applications.

SKILLS

- Programming Languages: JavaScript, TypeScript
 - Web Technologies: HTML5, CSS3
 - Frameworks/Libraries: React.js, TailwindCSS, Material UI
 - State Management: Redux, useState, useReducer, useContext
 - React Hooks: useRef, useEffect (Mount, Update, Unmount)
 - Routing: React Router DOM
 - Data Fetching: React Query
 - Form Management: React Hook Form
 - Database: SQL, MongoDB
 - Backend Technologies: Node.js, Express.js
 - API Development : Postman
 - Version Control: Git, GitHub
-

PROJECTS

Crud Management in React.js

-

[Github Repo](#)

Built a CRUD application using React.js for front-end data manipulation and API integration. Utilized state management and reusable components to ensure seamless data operations and user interaction.

RESTful API for CRUD Operations using Node.js and MongoDB

-

[Github Repo](#)

Developed a RESTful API for performing CRUD operations using Node.js and MongoDB. Implemented backend logic for data management, API routing, and database connectivity to enable seamless interaction with client applications.

COURSE CERTIFICATION

MERN STACK DEVELOPMENT COURSE

AIITE ACADEMY

- Completed hands-on training in full-stack web development using MongoDB, Express.js, React.js, and Node.js.
 - Developed multiple CRUD-based projects, implementing Create, Read, Update and Delete operations, RESTful APIs and front-end integration with React.js.
-

EDUCATION

IFET COLLEGE OF ENGINEERING

- BE - CSE | 2025
 - CGPA - 8.37
-
